

VENTE NEUF

ECO YACHT 80'

DESCRIPTION

1 - Two versions are available:

- The first with 2 Guest cabin and 2 VIP cabin (15m²) with direct access to beach club.
- The second with 1 magnificent Owner cabin (20 m²) on main deck, 1 Guest cabin and 2 Vip cabin (15m²) with direct access to beach club.

2 - Economical and environmentally friendly hybrid propulsion

- Hybrid by Nature : Wind & Sun
- Extensive use of solar panels (42m²) combined with new generation electric propulsion. No engine noise, no vibrations and no CO2 emissions.
- Two walk-in engine rooms centrally located in each hull provide easy access for maintenance and storage.
- Built in aluminium (sustainable material) for lightness and strenght.

3 - Easy sail handling and maneuvering

- There are 3 separate helm stations one on each hull on each side of the salon and one inside, all comfortably appointed but set apart from the "guests" environment.
- The main sail is a "boom-less" cutting-edge design providing maximum wind efficiency, ease of use and safety. The hi-tech mast is all carbon fiber for strenght and lightness.
- Deploying or furling the forward sails is fast and easy thanks to their electric furlers.
