DESCRIPTION

An exceptional private or commercial charter yacht, built to Lloyds class A100, aluminium hull and superstructure,fingertip joystick control with quad IPS drives.
Yacht design & naval architecture by world renown designer Espen Oeino.
Very fast (24 knots), efficient (very low fuel burn compared to similar sized yachts), huge internal and external volume(483 gross tons / 978.5 sqm - more than most 50-55 metre yachts), safe & stable, shallow draft.
Made from recyclable material with low emissions meeting the most stringent Tier III North American standards.
For private operation, the yacht is smooth and very quiet and includes a full beam owners suite with complete privateforedeck - something typically only found on a yacht of 80 metres. Huge internal and external spaces, very light &airy, lots of glass and a feeing of connectivity to the sea.
The aft-deck includes a 5.5 metre multi-functional heated
